### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Charles Brantley on January 21, 2005.

The application has been amended as follows:

Cancel claim 54;

Claim 55: At line 1, change the number "54" to – 47 --.

2. The following is an examiner's statement of reasons for allowance:

The present invention pertains a circuit for a semiconductor chip including a memory array and an address latch wherein the chip is configured to communicate with a terminal of a tester. The prior arts teach a circuit comprising a comparator for comparing a first data value from the memory array and a second data value from said terminal, and a register for storing the address in response to receiving a signal from the comparator based upon a lack of identity between the first and the second data values. The prior arts, however, do not teach the combination of a comparator, a register and an output circuit within a circuit for the semiconductor chip, such that the output circuit

comprises an inverter coupled to the memory array, a first transistor electrically interposed between the inverter and a positive voltage source and configured to turn off during a test mode for the semiconductor chip, and a second transistor electrically interposed between the inverter and ground and configured to turn off during the test mode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christine T. Tu whose telephone number is (571)272-3831. The examiner can normally be reached on Mon-Thur. 8:30am-6:00pm.
